How to Make the Most of the Majors Fair

**BEFORE**

Read information about selecting a major on the Career Center website:

http://careercenter.cofc.edu/students/choosingmajor.php

Read information about Majors and Minors:

http://www.cofc.edu/academics/majorsandminors/

Prepare the questions you would like to ask. See [here](http://www.cofc.edu/academics/majorsandminors/) for examples.

**DURING THE FAIR**

Take advantage of the opportunity to learn about majors, careers and campus resources. After all, this is an excellent example of time management in action.

Ask relevant questions:

- What kinds of skills must a student have to be successful in this major?
- What internship/volunteer opportunities are available?
- What kinds of jobs do CofC graduates obtain?
- Will an undergraduate degree prepare me adequately for a job in the field or do I need to be pursuing a graduate degree?

Look [here](http://careercenter.cofc.edu/students/choosingmajor.php) for more suggestions.
